ONE HUNDRED AND FORTY-ONE CASES WERE TREATED in the Emergency Hospital. All of them needed prompt and immediate attention, which if they had not received would have resulted in some cases fatally. The man of powerty stricken down by missfortune, perhaps willbout name or home, indea see as safe and careful a refuge here and reviews as good treatment as his rich neighbor. It is not doubted that whatever form of enterialnment may be determined by the committee it will sective the most generous support. SOME KIND OF ENTERTAINMENT HE GIVEN

Improvement on Virginia Avenue. The complaint of the chief of the fire epartment of the condition of Virginia avenue in front of No. 4 engine-house was referred to Lieutenant Greene, whose report was as follows: "The readway of Virginis avenue is a mass of black mud. At the fire Thursday night truck A got mired, and did not reach the fire at all; the got mired, and did not reach the fire at all; the foreman says that in answering calls his engine loses about two minutes in reaching a pavement. There is no remedy for this state of affairs but to pave the south side of Virginia avenue for a width of twenty-five feet, from Four-and-a-half to Seventh street. This will give the fire department an outlet in every direction by a paved street. It will not be sufficient to pave as far as Sixth street, because that street is at times useless by reason of blockade of ratiroad cars. I intend to run my show and make my annual trips through the country as long as I am able to travel, and when I am unable to look after it I will send a good representative to look after and protect my luterests.
